THE COURSE OF DEVELOPMENT

Journey of Dream - Building, Radiance Blooming

The BOCARNI brand was born in 1999. At the beginning of its establishment, it focused on overall cabinets. After 27 years of development, the scale of its products has been continuously expanding. At present, BOCARNI has its own complete whole - house customization product line, and its products are sold far to many countries and regions such as Europe and Southeast Asia. Meanwhile, with the expansion of market business lines and the continuous growth of brand influence, while providing high - end customization for consumers, BOCARNI has also reached in - depth strategic cooperative relationships with many well - known real estate developers in China, providing supporting design and customization services for many real estate brands, such as hardcover houses and model houses. In the future, BOCARNI will continue to deepen its exploration. With stronger brand strength and more diversified brand orientation, it will bring more sincere customized product services to high - net - worth individuals and major real estate brands.

BRAND MISSION

“Let Space Have More Possibilities”

——BOCARNI

The meaning of whole - house customization is not to isolate us from the world, but to enable us to return anew and create infinite possibilities. In the life concept advocated by BOCARNI, customization should not only bring a comfortable functional experience, but also an artistic enjoyment. When dealing with each set of home products and each space, BOCARNI embraces sincere love, and with exquisite craftsmanship and irreplaceable ingenuity, it endows each space with energy and creates a delicate and beautiful "customized life formula".

BRAND
VISION

“Create a home brand with attitude, be a supporter of high - end customized home”
——BOCARNI

For 27 years, as a responsible and attitude - oriented home brand, BOCARNI has never stopped exploring and discovering. It continuously delves into urban life, insights into consumer market trends, develops diversified products, and strives for perfection in every process, every material, and every detail. It ensures that the presentation of each work is warm and full, full of ultimate beauty, making the home an artistic place. With higher - quality space presentation, it provides a more perfect whole - house customization solution for each family.

MASTER
DESIGN

“Interpret Your Personal Label Expression with Aesthetic Customization”
——BOCARNI

Design and innovation are the core advantages of BOCARNI. BOCARNI has established good cooperative relationships with many well - known designers and design teams at home and abroad. It introduces modern aesthetic customization into home furnishings to interpret your personal label expression. We develop and manufacture high - qualitywhole - house customized products. The products are durable, ergonomic, and have carefully designed internal and external decorations. We respond to the needs of each user and provide multifunctional solutions on the basis of aesthetics.

RIGOROUS PANEL SCREENING

BOCARNI has in - depth cooperation with many world - famous sheet material and hardware manufacturers. It integrates global quality resources, abides by domestic and foreign standards, and creates high - end custom furniture. In terms of materials, it pursues excellence, can withstand the test of time, adds no harmful substances, is more environmentally friendly and healthy, and safeguards you and your family.

HARDWARE FITTINGS

Berlin Carol

 BA-14

*There is never a fixed rule for the beauty of customization
Some are infatuated with delicate textures, while others love wild forms
Take this full - structured cabinet as an example
and we can more truly experience the charm of wildness.
Inheriting the American genes from centuries ago
the designer has perfectly integrated the modern wild and luxurious culture
With efficient and practical functional expressions and bright, simple lines
a modern art cabinet with unique American characteristics is created*

Roman Holiday
BA-15

In this era of no definition and no limitation we are more inclined to interactive propositions that are expansive and integrate artistic tension. In this cabinet system that combines American characteristics with modern simplicity the designer abandoned the overly complex textures and decorations of traditional American style but instead used large lines, large sizes, and large outlines to express a dignified and elegant artistic sense bringing the new American aesthetic to the extreme—both simple and grand, both classical and modern.

Sark Estate

 BA-16

*Classic tones, classic lines, and classic layouts
give birth to a timeless classic of the era
The open - plan cabinet space inherits a wise and exquisite artistic style with the classic retro green
The three - dimensional and delicate molded door panel design perfectly reconciles
the "beauty of prosperity" and the "essence of simplicity"
It enables the overall structure to retain its style while presenting the distinctive characteristics of the times*

Moore

 BA-17

*To blend artistic appeal into space
through refreshing visuals and balanced proportions
is one of the most beloved expressions of American style
In the open space, the elegant tones, connected by natural materials
evoke a primal sense of natural intimacy
The harmony between the high-end gray cabinets and the solid wood tall storage cabinets
presents the entire kitchen with a grand and poised artistic style*

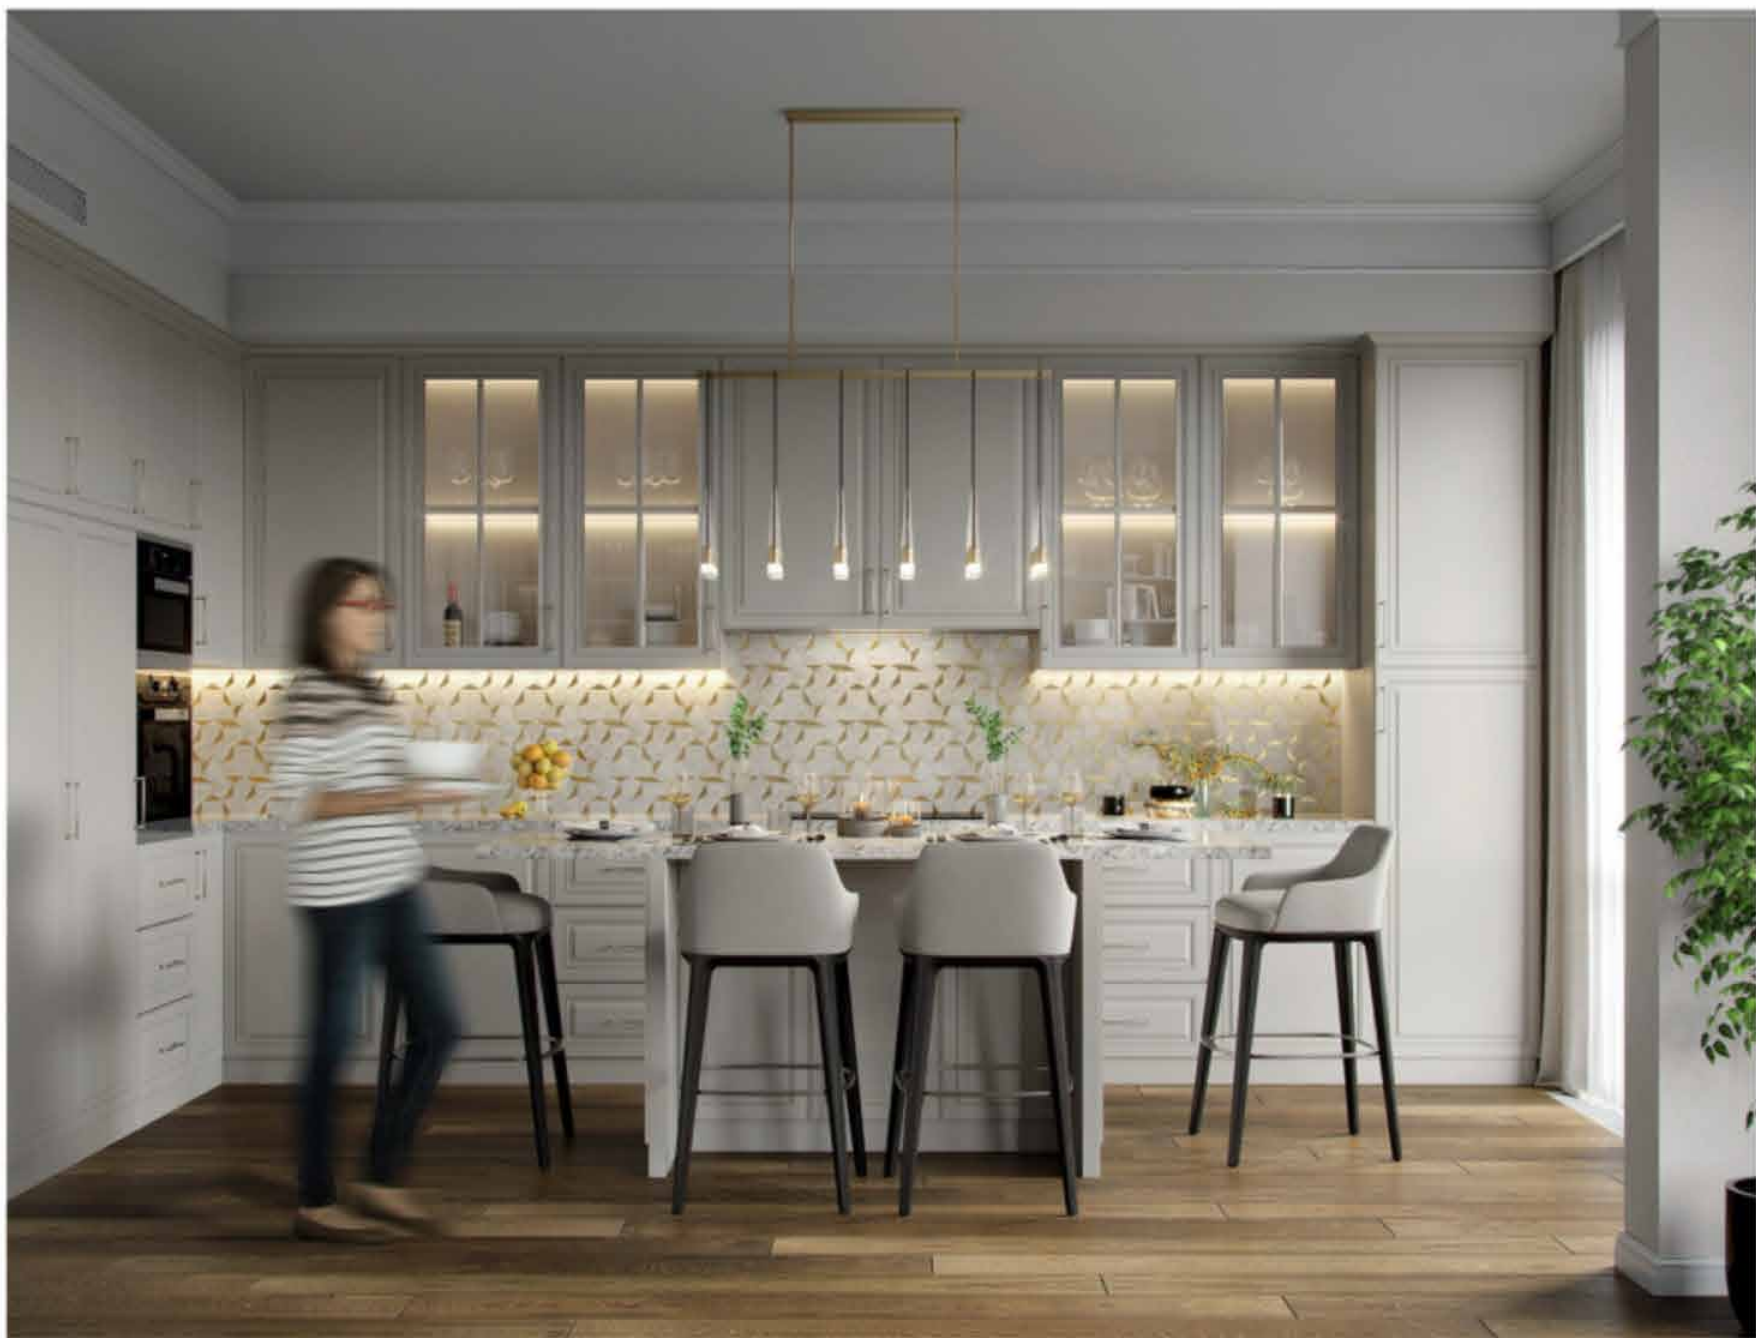

Elysee

 BA-18

*When rational aesthetics and emotions interweave
you will find that those details which seem casual and simple
actually contain profound artistic connotations
The simple, clean and elegant cabinet atmosphere
is full of the aristocratic temperament with petty - bourgeois taste
The simple and delicate cabinet combination, with minimalist streamlined design
gives full play to the functionality of the cabinets
bringing a fresh and comfortable visual sense
adding a touch of modern and light - luxury style to the space*

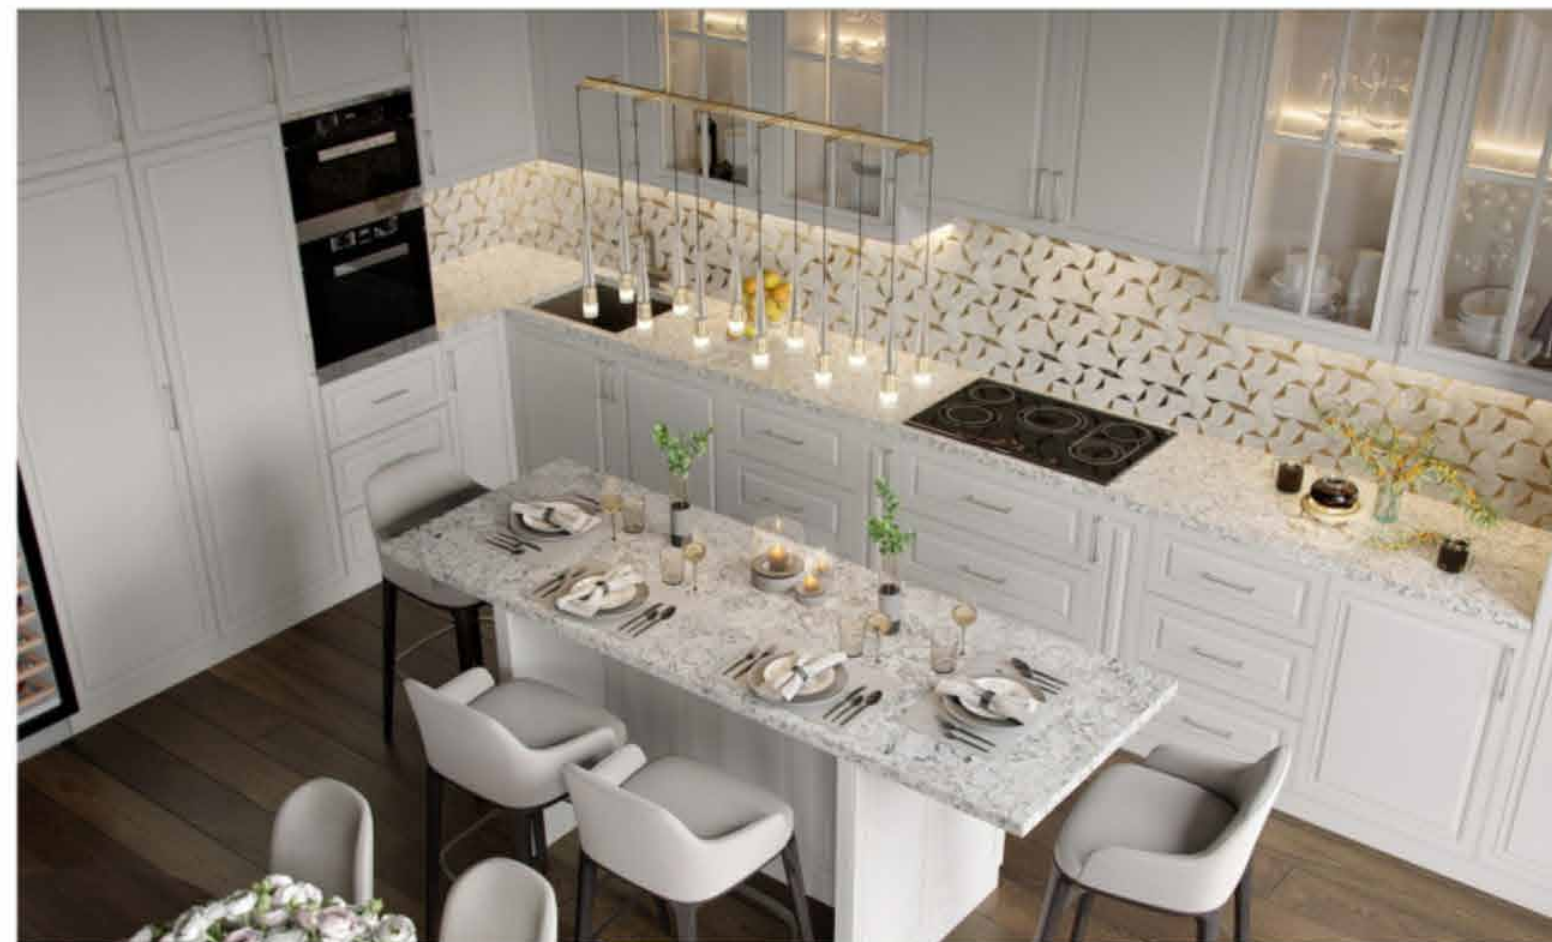

Carlolia

 BA-19

*The presentation forms of romance and beauty are often diverse
Whether it is the restraint and moderation towards the outside or the unrestrained and straightforward sincerity they can release the power of softness and tranquility to the greatest extent
The American - style cabinets full of artistic atmosphere with simple yet rich milky - white rendering the three - dimensional molded cabinet doors refine a fresh visual sense creating a bright, clean and warm spatial artistic conception*

Under the guidance of tough temperament
the spatial aura will be instantly excited
Bring hearty visual enjoyment
The natural atmosphere
of the rock slab blends with the minimalist line trend
Atmospheric and neat
for you to open a luxurious and
advanced cooking experience

Latour

 BH-06

The art of "less is more" finds its ultimate expression in this system. Within the expansive ambiance of the bathroom the designer combines wood veneers of varying textures to form a multifunctional cabinet. A floating double vanity streamlined in appearance integrates modern design and versatile utility—through a minimalist approach it articulates the very essence of understated luxury.

Aivia

 BH-07

A "little indulgence" in the bathroom is an artistic bonus. In the crisp, minimalist space the designer introduces a theme with a full-wall mural. The combination of raw wood veneer and moss-green cabinet surfaces evokes the immersive visual feel of a tropical forest.

Boffee

 BH-08

A truly inclusive bathroom vanity is the deserved ambassador of a quality life. Beneath its efficient, streamlined structure the multifunctional custom cabinet accommodates a series of essential needs—washing, changing, and storage. The visual simplicity of natural wood grain alleviates spatial pressure while showcasing ultimate comfort thereby conveying a new philosophy for the efficient bathroom: simplicity that is anything but simplistic.

Tucker

 BH-09

If you're still anxious about storage in the bathroom this cabinet system, where function dictates form, might just bring instant clarity. Guided by minimalist aesthetics the multifunctional unit offers ample storage options, designed with thoughtful consideration. Woodgrain door panels paired with extra-long handles combine convenience and beauty in daily life while creating a unique artistic appeal for this intimate space.
